NOTICE TO KEYHOLDERS.

Keys to be used only in case of actual necessity.
If this request is not complied with, the Key will be taken from the holder.
Upon the discovery or positive information of a fire near your Signal Box, pull down the hook once and let go; then wait a few moments, and if you hear no alarm from the large Bells or Whistles, pull down again; if you still hear no alarm, go to the next nearest box and give the alarm from that. If no light shows up, wait at the box and direct the firemen to fire. Never signal for a fire seen at a distance. Be sure your box is locked before leaving it.

Do not give an Alarm for a Burning Chimney. Give an alarm for no cause whatever except an actual fire. Second, Third and General Alarms will be turned in only by order of the Chief Engineer or his Assistants.

Here religious meetings are held every day in the week, temperance meetings twice in each month, correspondence maintained with seamen in all parts of the world, a free reading room maintained (the first free reading room in the city), with books and papers in various languages, and writing materials, all free, social entertainments given twice a week, and large quantities of good reading matter supplied to out-bound ships. All vessels in port, and sailors' boarding-houses, are often visited, and all possible effort is made to save seamen from perils and vices, and make them good citizens and Christian men. We desire to create a sentiment that will tend to make San Francisco the pride of California and looked up to as the State of New York looks up to New York and Illinois to Chicago, and as each nation of the world esteems its metropolis. Civic pride is the great want of San Francisco, and, indeed, all California. Our resources are vast, and if we can unite our people in good will to develop them we can place our city, as she should be, among the first cities of the globe. Its objects are to encourage temperance and total abstinence among Catholic men and boys. The members of the junior branches are pledged to total abstinence until reaching the age of twenty-one. The members of the senior branches are of two classes: First, those who are pledged to total abstinence, and second, those who while not pledged to total abstinence promise "not to drink in a saloon or place where liquors are sold, never to send a child to such a place, not to treat or be treated therein, and to discourage the custom of drinking in saloons." To hold the larger boys in the League, a new and interesting feature was added in 1893. The First Regiment, League of the Cross Cadets, was organized by Col. W. P. Sullivan, Jr., in conjunction with Right Rev. Bishop Montgomery. The government is vested in the Executive Committee, consisting of Most Rev. P. W. Riordan, Archbishop of San Francisco; Rev. Philip O'Ryan, Spiritual Director, and representatives from each parish. The officers are: Rev. Philip O'Ryan, 529 Clay street, Spiritual Director; Thomas H. Fallon, President; A. B. Maguire, Vice-President; T. R. Curtis, Recording Secretary; W. A. Breslin, Corresponding Secretary; Dr. S. J. Cunningham, Treasurer; Edward J. Coffey, General Secretary.

STREET AND AVENUE GUIDE

OF THE

CITY AND COUNTY OF SAN FRANCISCO.

COMPILED FROM OFFICIAL SOURCES.

EXPLANATIONS.

According to the method adopted in this city for numbering buildings, Market Street is the starting point for numbers on all streets running from it in a northerly, southerly or westerly direction, and the water front for all streets running therefrom in a westerly or southwesterly direction. The numbers on all streets not commencing at Market Street or the water front run in conformity with the numbers of the main streets running parallel with them, except in the case of a few streets which are numbered in an irregular manner.

On all streets between the water front and Central Avenue the even numbers are on the right-hand side, and the odd numbers on the left, starting from the point of beginning. Beyond Central Avenue most of the streets have been numbered in a contrary manner. One hundred numbers, or as many thereof as are necessary, are allotted to each block bounded by main streets; for instance, Montgomery Street commences at Market, and the main streets crossing as you proceed north are Sutter, Bush, Pine, etc. Therefore any numbers between 1 and 100 will be found on the right or left hand side of the street between Market and Sutter, between 100 and 200 from Sutter to Bush, between 200 and 300 from Bush to Pine.

In the streets which are numbered, a dash (——) indicates that the cross street does not extend to that side; (o), the street borders on the bay, or public park, cemetery, etc., consequently there are no buildings on blocks thus designated; (c), the street is not opened through the block, or is interrupted in its course at that point by a public square, cemetery, etc.; (e), end of street.

The following-named localities referred to in the Street Directory are situated as follows: Academy Tract, northwest side of Mission Road, between Silver and Ocean Avenues; Bernal Heights, west of Twenty-sixth Street, between San Bruno Avenue and Mission Street; City Land Association Tract, northwest of Old San Jose Road, near County Line; Clarendon Heights, north of Twentieth Street, between Lincoln Avenue and San Miguel Rancho; College Homestead, east of County Road and north of Silver Avenue; Excelsior Homestead, southeast of Mission Road, near County Line; Fair Tract, south of Cortland Avenue and east of Mission; Fairmount Tract, south of Thirtieth Street and east of Mission Street; Flint Tract, west of Castro Street, between Waller and Seventeenth; Heyman Tract, west of Douglass, between Twenty-second and Elizabeth Streets; Islais Creek, from west side of San Bruno Avenue, near Silver Avenue, north and east to the bay; Laguna de la Merced, near the County Line and ocean, 6½ miles southwest of City Hall; Lake View, west of Old San Jose Road, from Ocean Avenue south to Railroad Homestead; Mission and Thirtieth Streets' Extension Homestead, near intersection of Old San Jose Road and Castro Street; Ocean View, near the junction of Old San Jose Road and Ocean Avenue; Paul Tract, between San Bruno and Railroad Avenues, near County Line; Presidio Reservation, west of Lyon, and north of Lake Street to the bay and ocean; Railroad Homestead, northwest of Old San Jose Road, near County Line; Richmond District, west of First Avenue and north of Golden Gate Park to the Presidio Reservation and ocean; San Miguel, near the junction of Old San Jose Road and Ocean Avenue; Silver Terrace Tract, between San Bruno and Railroad Avenues, south of Silver Avenue; South San Francisco, south of Islais Creek and east of San Bruno Avenue to the County Line and the bay; Spring Valley Homestead, west of Mission Road, near Silver Avenue; Stanford Heights Tract, west of Bellevue Street, from Twenty-fifth south to Thirty-first Street; Sunny Dale Tract, west of San Bruno Avenue, near the County Line; Sunny Side, west of Old San Jose Road, between San Miguel Rancho and Ocean Avenue; Sutro Heights, south of Point Lobos Avenue, between Forty-eighth Avenue and the ocean; University Homestead, west of San Bruno Avenue, between Silver Avenue and Visitacion Valley; Visitacion Valley, between San Bruno Avenue and Mission Road, near County Line; West End Homestead, north and south side of County Line, near Mission Road; West End Tract, between Old San Jose and Mission Roads near County Line.

ABBREVIATIONS.—N, north; E, east; S, south; W, west; Av, avenue; bet, between; nr, near; s, side.

☞ The neglect of the city authorities for years past to supervise and regulate the numbering of buildings has led to such confusion of numbers on many streets as to make it difficult at times to find the house sought for, even with the aid of a street directory. In addition to this, the changes in the names of numerous streets in accordance with a recent order of the Board of Supervisors has increased the confusion heretofore prevailing, and necessitated the renumbering of several streets throughout their entire length. To counteract as far as possible these changes in names of streets and numbers, we have inserted the old and new names of streets, and, in some instances, an additional column of figures to designate both old and new numbers.

THE KEELEY CURE, 1170 Market St., San Francisco. (FORMERLY AT LOS GATOS.)
The Dubuque *Telegraph* says: "There are fully 300,000 living proofs of the fact that the Keeley Treatment cures a disease which, if not insanity, is closely akin to it, but it remains to be established that the remedy, in a single instance, ever caused insanity or harm."
